ABOUT UNIVERSITY OF DELHI

The University of Delhi is a premier university of the country with a venerable legacy and international acclaim for highest academic standards, diverse educational programmes, distinguished faculty, illustrious alumni, varied co-curricular activities and modern infrastructure. Over the many years of its existence, the University has sustained the highest global standards and best practices in higher education. Its long-term commitment to nation building and unflinching adherence to universal human values are reflected in its motto: 'Nishtha Dhriti Satyam' 'निष्ठा धृति सत्यम्' (Dedication, Steadfastness and Truth).

Established in 1922 as a unitary, teaching and residential University by the Act of the then Central Legislative Assembly, a strong commitment to excellence in teaching, research and social outreach has made the University a role-model and trend setter for other universities. The President of India is the Visitor, the Vice-President is the Chancellor and the Chief Justice of the Supreme Court of India is the Pro-Chancellor of the University. Beginning with three colleges and 750 students, it has grown as one of the largest universities in India with 16 faculties, over 80 academic departments, an equal number of colleges and over seven lakh students. Over 500 programmes offered by the University are approved by Academic and Executive Councils, out of which 209 programmes are being considered for NAAC accreditation purposes. The rest being run in colleges are separately accredited.

ABOUT SHAHEED BHAGAT SINGH COLLEGE

Shaheed Bhagat Singh College, named after the great son of India, **Shaheed-e-Azam, Sardar Bhagat Singh**, was established as a co-educational college in 1967 as a constituent college of University of Delhi. It acquired postgraduate status in a record time of 7 years. The College takes pride in celebrating its **Golden Jubilee Year** in **2016-17**. Over a period of 50 years, the college has distinguished itself in diverse academic and professional fields by providing a vibrant and intellectually stimulating academic culture, to promote independence of thought and vision. The college is equipped with a fully computerized Library with state of the art facilities to upgrade knowledge, skills and capabilities needed for the complex business environment of the 21st century. Besides, the college has adequate infrastructure including Computer Labs, a big Sports Ground with a cricket pitch, volley-ball court, basket-ball court, etc. The college is proud of its well-known alumni who have contributed meaningfully in diverse fields of business, culture and society at large.

ABOUT THE CONFERENCE

Shaheed Bhagat Singh College is organising the International G20 Conference to explore India's role in New World Order and its journey towards becoming a developed nation by 2047, in harmony with Hon'ble Prime Minister's visionary goals. The conference would be organised on the topic 'Resilient Approaches for New World Order & Viksit Bharat' on 25th September, 2023 at Dr. Ambedkar International Centre (DAIC), New Delhi. We are expecting more than 700 participants to attend this conference.

In the post-pandemic global scenario, with India's intrinsic strength that is aiding her emerging role as the global leader, India, with her G20 presidency this year, is standing at the crossroads with respect to pertinent decisions regarding herself and the world. The G20 presidency offers a valuable opportunity for India to apprehend and anticipate the multilateral impetus to decisions that will have far-reaching consequences, giving a new direction to the existing world order. Hence, the time is ripe for serious deliberations by different stakeholders on various facets of our shared existence and the possibility of ushering into a new and holistic world order and fulfilling the vision of our Hon'ble Prime Minister of making India a developed nation by 2047.

The Conference aims to encourage participants from across countries to bring forth their peerless approaches to momentous issues of present times and discuss resilient, innovative, and practical strategies for dealing with them and preparing India to become a Developed Nation. There is an urgent need for discussion about the dilemmas that a country and her people face in the current times with respect to various aspects of their ecosystem. We need to understand why some of the issues have not garnered the attention that they deserve. The world is undergoing tremendous changes and we need to understand the future world order that could better align with our goals. We need to envision resilient methods that we can adopt for Vasudhaiva Kutumbakam or One Earth, One Family, One Future encapsulating India's vision to foster international cooperation, focusing on inclusive growth, digital transformation, and climate action for a brighter future for all.

We, as a constituent College of the University of Delhi, feel strongly about the urgent importance of holding serious deliberations and engaging critically on issues concerning G20.
